# Key Challenges for Leaders as they step onto the Global Stage

We live in  
a fast changing,  
turbulent, chaotic,  
multi-polar world

## Our research...

- In our global research we compare leadership assessments of close to 1700 senior executives in 7 world regions to investigate how leadership differs across cultures.
- Our data came from 4-hour long interviews with senior executives during which we measure their strengths and weaknesses across 31 psychological dimensions subsumed under 6 categories:

1.2.3

1. Thinking Styles
2. Motivation
3. Interpersonal Skills
4. Self-Awareness
5. Leadership Skills
6. Experience
